

Booking the right Flood Trailer for your event

Choose from the Floodmobile or the compact FloodPod

Both Flood trailers contain examples of Property Flood Resilience solutions and interactive opportunities

1. Initial Enquiry

Check if there is a Flood Trailer available for your dates.

*You will need to supply the rough **location, dates and proposed times for delivery & collection.***

Discuss with us which trailer is the best 'fit' for your location.

Phone Nikki at DWT Exhibitions 01476 860833 nikki@dwt-exhibitions.co.uk

2. COST Guide

A	Transport - varies based on distance and delivery & collection window from		£600 – £2300
B	Usage Charge:	The Floodmobile	£450 per day
		The Compact FloodPod	£300 per day
C	Subrogation Insurance Admin fee - if you can't insure the trailer:		
		The Floodmobile	£136 per venue
		The Compact FloodPod	£118 per venue
D	Management charge		7% of cost

Extras available include site assessment visits, event branding, external lights - these are recommended for events open after 4pm in winter months.

IMPORTANT
Check access for trailer

3. Quotation

When specific event details are known, DWT will send you a personalised quote detailing the usage charge, transport costs etc so you can raise an order

Don't forget

- A** *to arrange your Flood support staff*
- B** *You are responsible for parking permits*
- C** *Check access roads and gates* Site Visits are essential as soon as possible
When considering access think large van and caravan – not a truck

Before you can place an order remember :

If DWT need to be a registered supplier with your organisation, please send us the relevant forms when we supply the quotation.

4. Reserve your dates ASAP – with an Official PO number

DWT will send you a User Agreement / contract to sign

****Your booking is not firm without your signature on the User Agreement and a Purchase Order**

What's next :

You need to **visit site and take up to date photos** of the location (google street view is NOT acceptable)

This is to help DWT assess the access routes and suitability of your site

Please allow plenty of time to obtain full site details

DWT need a detailed questionnaire with all the relevant information for delivering and collecting the trailer **not less than 2 weeks before delivery**
